Darkness Into Light. I was soul searching, and as a result I came up with these two booklets But even in high-income countries such as the United States, the expenditure on mental health as a percent of total health budgets is grossly inadequate, given the prevalence of mental illness.

Believeinyourself;youareincharge.Learn. Amit and his team have designed and built the app with the aim of having it seamlessly fit into everyday life. Spending such a small amount on mental health care means that there are now only 4, psychiatrists in the country - or one psychiatrist per members of the population - which makes accessing traditional treatment options very challenging.
