What are your favorites? It was important to be in the field at sunup during the growing season, as the soil was poor and the labor that much more demanding. Litwack relates how black schools and colleges struggled to fulfill the expectations placed on them in a climate that was separate but hardly equal; how hardworking tenant farmers were cheated of their earnings, turned off their land, or refused acreage they could afford to purchase; how successful and ambitious blacks often became targets of white violence and harassment.

In this very readable chronicle of those shameful years, the author recounts As some voters insist that Congressional districts, college admissions and employment must be decided without taking race into account, Litwack publishes a book packed with all-pervasive racial oppression "Jim Crow" whose consequences endure.
