In order for me to stay alive, I have to take injections. One oz can of a regular soft drink, for example, has nine teaspoons of sugar.

Both those of us with diabetes and our medical team became much more informed. By checking this, you agree to our Privacy Policy. It was a difficult time for me, because 2 years before my diagnoses, my father passed away and then then my mother wanted to move back to her hometown. She was intimately familiar with the symptoms. They were skipping breakfast when they had early-morning meetings.
