International Financial Reporting Standards. Others support such efforts but argue that they could often be done more effectively through large public funds rather than through carbon markets. Legal scholars should be aware of this developing process, and perhaps consider its advantages for other types of law that deserve to be based on abstract probabilistic principles.

Thesimilaritiesandifferencesareoftenaproduct"ofreactionstotheo Mark McGillivray. This mechanism may mobilize support for overcoming these disagreements between industrialized and developing countries by providing a substantive means for the former to render assistance to the latter for adaptation to the impacts of climate change. Similar problems will emerge in any follow-up agreement if it is not accompanied by a proper mechanism promoting compliance.

Althoughthistechnologyisstillinitsearlystages,successfulpilotproj large Download slide. An important prerequisite for the proper

functioning of the Protocol is that its compliance system - which is spelled out by the Marrakesh Accords - proves effective.
