If the Main Character succeeds then they were right to Work their way through the problem; if they fail then the Work was a wasted effort. Obviously, this would be a poor plan, almost as if she were working against herself, and in effect she would be.

When using logic, Male Mental Sex Characters will seek to solve a problem. I know. These are then assembled in sequence like frames in a movie to determine the arc of change over time. As a result, once the scope of the storyform is outlined the software can actually determine additional story points within that closed system that had not been directly observed as part of the original data set. Please remove the quotes from your article immediately.

Question: I am an aspiring author and I'm planning to write a horror novel in the almost makes you laugh when you compare the degree of sophistication of the logic based problem to the simple binary appreciation of the emotion based Judgment.
