Sometimes this standard object is called an artifact. I  
recollect talking to a client who was planning to use a  
Raspberry Pi for indoor location tracking was convinced that  
Rpi is the ultimate platform for building IoT prototypes.  
Continueshopping.If you want years worth of battery, you need  
to switch to low power protocols like Lora, Sigfox or  
mid-level power consuming protocols like Zigbee if you are  
okay with a battery life of 2 years. The light hardens the  
liquid resin layer by layer in a process called  
photopolymerization.
